

Ningbo Songying History

Ningbo Songying (NBSY) is growing up fast into the No.2 local leading supplier of Chinese OE market through the OE market customers support. Since 2006 year, NBSY was reborn to open new page in the OE supply by splendid improvement of quality, service, supply, technology etc. Almost everything is brand new and sophisticated facilities by computer controlled give the No-Trouble supply guarantee. This year, more world class A/C new faces come to us for TXV.

- 1992 Established as Ninghai Valve Company
- 1993 Beginning to develop auto air-conditioner thermostatic expansion valve (TXV)
- 1994 Developing TXV successfully and beginning to launch into market
- 1997 Songying TXV was granted as High Quality Science and Technology Product of Zhejiang province
- 1998 Registered as Ningbo Songying Automobile Air-conditioner Spare Parts Co., Ltd
- 1999 HFC-134a expansion valve won gold medal of new excellent products at 12th China Invention Exhibition
- 2000 Getting approval for enterprises with foreign trade rights, and in China, Songying is the 1st supplier which started to supply expansion valves to the global market.
- 2001 Getting patent of utility model for internally charged block valve
- 2003 Approved by ISO9001-2000 authentication
- 2004 Registered as joint venture company—Ningbo Songying Automobile Parts Co., Ltd
- 2005 Moving into new factory located in the Science and Technology Garden of Ninghai, China
- 2006 Approved by ISO/TS16949 and ISO14001, implementing 5S Management Thoroughly.
- 2007 Invested in updating Machining Shop, Assembly Shop and Lab, also expand production output to 2 million pcs per shift annually.
- 2008 Expansion valve for bus put into the market.
- 2009 OE market is double market share and the output is growing into 4 million pieces annually
- 2010 Start the computerization for production equipment and assemble the production Facility into be one digital production Base

宁波松鹰历史

在空调主机厂配套的支持下，宁波松鹰现已快速地成长至中国OE市场本土供应商第二位的位置。自从2006年以来，通过在质量、服务、供应、技术上的提高，宁波松鹰已翻开了新的辉煌篇章。崭新尖端的数字化设备为我们“无忧制造”提供了一致有效的保障。近年来，越来越多的汽车空调厂商来选择我们的汽车空调膨胀阀。

- 1992年 成立现公司的前身宁海县五金阀门厂，主要生产水道各种阀门。
- 1993年 开始研发膨胀阀。
- 1994年 研发膨胀阀成功并开始投入市场。
- 1997年 生产的膨胀阀被推荐为浙江省高质量科技产品。
- 1998年 注册成立宁波松鹰汽车空调配件有限公司。
- 1999年 生产的HFC-134a汽车空调膨胀阀荣获第十二届全国发明展览会优秀新产品金奖。
- 2000年 第一次给主机厂长春一汽——杰克斯赛尔汽车空调配套，并与同年取得自营进出口权。开始出口汽车空调膨胀阀，主要销往美国、欧洲、印度、欧洲以及东南亚国家与地区。
- 2001年 取得汽车空调内充注式H型热力膨胀阀实用新型专利。
- 2003年 获得ISO9001:2000质量管理体系认证证书。
- 2004年 注册成立合资公司——宁波松鹰汽车部件有限公司。
- 2005年 企业搬迁至宁海县科技园区新厂房，并于当年推行ISO/TS16949。
- 2006年 继续推行ISO/TS16949并于当年10月份通过认证，同时导入5S现场管理，获得ISO14001环境质量管理体系认证。
- 2007年 投资更新了金加工设备，总装线与实验室，采用了更合理的生产流程与世界级水平的生产设备。
- 2008年 成功研发大巴与中巴用膨胀阀，并投放市场。
- 2009年 OE市场份额扩大了一倍并且年产值增加至400万只。
- 2010年 开始进行生产设备计算机化和生产设施数字化的建设。
